

# ALL FIRED UP POTTERY TEAMBUILDING WORKSHOPS

Explore your team's dynamics in our world of clay. Join us for a few hours of creative fun in a relaxed environment. Get messy, throw a pot from wet clay on the wheel and unleash your creativity painting ready-made pottery. No previous potting experience is necessary, just a willingness to have fun! Participants with varied interests, backgrounds and abilities produce unique and usable pottery. The workshops are an excellent opportunity to enhance communications and draw your team closer together.

## Fire Up Your Team

*"Great way for teams to enjoy the freedom of creativity... It's amazing how much you can accomplish when it doesn't matter who gets the credit"  
(Natalie Walters - Sanofi Pasteur - 2007)*

During the workshop, Anne Rimbault, a qualified potter who has been teaching for over twenty five years, introduces the techniques for you to enjoy. Everyone usually spends 1½ hours throwing on the wheel and 1½ hours painting an item of ready-made bisc-ware. The selection includes mugs, goblets, bowls, jugs and jars. All pots that you throw or hand-paint are completed, bisc fired, glazed and ready for you to collect 3 to 4 weeks after the workshop.

## When to Fire Up

The teambuilding workshops usually take place on Fridays. Bridal showers, social clubs and parties are accommodated on Saturdays. Tea and coffee are included and you're welcome to bring along your own drinks.

A convenient pastry breakfast, finger snacks or a three course lunch are optional extras that can easily be arranged and built into your budget. The workshops accommodate 6-16 participants and can be customised to suit your requirements. Advance booking is essential, with a 50% non-refundable deposit to secure your booking.

## What to Bring

An apron or old shirt to cover your clothes. Comfy clothes and shoes to enjoy getting all fired up and messy in!

## Where to Fire Up

Bordeaux, Randburg - easy access from Bryanston, Cresta, Rosebank and Sandton. Map available on request.

To design a workshop to suit your group's requirements or for more info, contact Anne Rimbault on 0 11 886-2976 or [anne@annerimbault.com](mailto:anne@annerimbault.com). Visit [www.annerimbault.com](http://www.annerimbault.com)
